Following in this document will be a payment invoice attachment filled out for where to pull payment to pull from for purchase of anything My Enterprises or my employees (with this confidential document in hand) may require to completely and efficiently complete our jobs duties and details.

Additionally I'm requesting that my Enterprises employee not be given any hassle during purchase of items to which are being purchased via my corporations banking institutions accounts for if hassle is given my legal firm will need (in the event of such after production of this employment verification form) the information for the corporate offices of the business to which is giving my Corporate Sales Official hassles information as well as the employees information and legal council's information. For in this scenario I will be contacting all of the above to properly be able to proceed with the filling of an emotionally distressing claim file due to the fact that as the owner of 5 Years who has already been through many discriminations and stereotyped time after time by multiple companies which have already emotionally and mentally attacked myself and my employees in pre July 3. 2023 and the start of my companys birth.
